Marketing director, head of marketing department

Consulting company "Tor"

07/2011 - 05/2018 Kharkiv

Marketing manager

Consulting company "Tor"

09/2008 - 07/2011 Kharkiv

- I developed the website from the beginning:
 - design
 - markup
 - integration with Wordpress
 - plugins connection
 - creating MySQL database
 - work with ftp
 - content
- Updating the static site:
 - edit site markup
 - adaptability
 - adding a php form with sending data to the mail
- 35 marketing projects had been done alone or with a team. All commercial projects were accepted and paid by customers.
- On my own initiative I've learned graphic editor programs (Adobe Photoshop, CorelDraw, Adobe Illustrator). After it I've started using graphic design. It allowed almost completely to refuse services paid designers. Company expenses were reduced
- I began to do a design of websites on my own initiative
- I learned to work with admin panels of websites (Wordpress, MODx, Joomla)
- Fast career growth: less than 3 years I became the head of the department, marketing director.
- I developed marketing lectures. For 6.5 years I had been giving marketing lectures and trainings within the company's courses.
- Created the marketing department. Recruited and trained marketing managers.

Marketing manager

"Techpromoborudovanie" Ltd

08/2007 - 07/2008 Kharkiv

- Analysis of the market and competitors
- Reporting on the results of the analysis
- Creating a corporate identity

SUMMARY

I am a front-end developer who is always pays attention to details and result. I'm experienced with all stages of the development cycle for dynamic web projects.

I'm self-motivated, detail oriented, proactive and fast learning. Good team player.

I want to work in a stable company in a good team. I have good organizational and communication skills.
